

Recent Advances in Apoptosis Analysis

18th February 2005 - Birkbeck College, London, UK

Agenda

Morning Session

- 10:15 – 10:45** **Registration – Tea, coffee and biscuits**
- 10:45 – 11:00 **Introduction by the Chair:** Dr Angela Hague – University of Bristol
- 11:00 - 11:30 **Monitoring the apoptotic cascade by flow cytometry**
Dr Derek Davies – Cancer Research UK
- 11:30 – 12:00 **Life and Death – it happens to us all**
Dr John Lawry – BD Biosciences
- 12:00 – 13:00** **Lunch and meet the companies**

Afternoon Session

- 13:00 – 13:30 **Quantification of Apoptosis, Necrosis and Cell Death Using High Content/Image Based Screening**
Dr Peter Djali – Molecular Devices Ltd
- 13:30 – 14:00 **Measuring apoptosis of cancer cells in vitro and in vivo**
Dr Angela Hague – University of Bristol
- 14:00 – 14:30** **Afternoon Tea/Coffee and cakes with the companies**
- 14:30 – 15:00 **Fluorescence Assays to Detect Key Events in Apoptosis**
Dr Andrew Lane – Serotec Ltd
- 15:00 – 15:30 **Mechanism and Detection of Neutrophil Spontaneous Apoptosis**
Dr. Dagmar Scheel-Toellne – Institute of Biomedical Research, University of Birmingham
- 15:30** **Close**
