

Improving Immunohistochemistry

Friday 16th April 2004
Chair: *Dr Tony Warford*

Agenda

Morning

- 9:15 - 9:45 **Registration**
- 9:45 - 10:00 Welcome By The Chair
Dr Tony Warford, The Wellcome Trust Sanger Institute
- 10.00-10:30 Tissue Preparation And Access
Neil Gray, Medical Solutions Ltd
- 10.30-11:00 Quality Assurance Of Immunohistochemistry
Dr. Anthony Rhodes, University of the West of England
- 11:00-11:30 **Morning Coffee And Meet The Companies**
- 11.30 – 11:45 Standardisation Of Quantification In IHC
Stan Siarkiewicz, International Business Manager, ChromaVision
- 11:45 - 12:00 Automated Microscopy In A High Throughput Environment
Paul Sheppard, Imaging Associates
- 12.00 –12:30 Impact Of Tissue Microarray Technology
Professor Guido Sauter, University Of Basel
- 12:30-1:30 **Lunch**

Afternoon

- 13.30 – 13:45 The Automated Construction Of Highly Standardised Tissue Microarrays
Using A Proprietary Robot
Chris Wrighton, Oridis-Biomed, GmbH
- 13:45 - 14:00 Reproducibility And Repeatability in IHC
Sam Lanyon, Vision BioSystems Europe
- 14.00 - 14:30 Improving Sensitivity And Specificity
David Blythe, HMDS, Leeds
- 14.30-15:00 Automated Immunohistochemistry
Tony Savage, Glaxosmithkline Medicines Research Centre
- 15:00 - 15:30 **Afternoon Tea And Cakes**
- 15.30 – 16:00 Image Capture And Analysis
Dr David Tannahill, The Wellcome Trust Sanger Institute
- 16.00 – 16:30 The IHC Lab Of The Future
Dr Tony Warford, The Wellcome Trust Sanger Institute
- 16.30 **Close**
